| H | Hospital-Based Practice | Physicians whose practice is based in a hospital               |
| G | Government-Employed     | Physicians employed by the federal, state or county government |

*If more than one practice setting is applicable, please select the one where you spend the majority of your practice time.*

**\* Deductibility**

Association dues are not deductible as a charitable contribution for federal income tax purposes, but may be partially deductible as a business expense. A portion of your dues are not deductible because of lobbying activities on behalf of its members. As a result, 32% of CMA dues for 2011 cannot be deducted as a business expense for federal income tax purposes.

**\* CALPAC & Physician’s Issues Committee**

CALPAC is a voluntary political organization that contributes to candidates for state and federal office who share our philosophy and vision of the future of medicine. Political law and CALPAC policy determines how your contribution to CALPAC is allocated. CMA and this component society will not favor or disadvantage anyone based on the amounts of, or failure to make, PAC contributions, nor will it affect your membership status with this society or the CMA.

Physician’s Issues Committee is a voluntary membership organization that promotes issues of importance to physicians and the practice of medicine in California.

Contributions to these groups are voluntary and not limited to the suggested amounts. Contributions are not deductible for state or federal income tax purposes. CALPAC and the Physician’s Issues Committee are sponsored by the California Medical Association.
